Here for Good

Failure Anthem

I know your past, I know your dreams
I know your flaws and everything between,
I know it's hard for you to let go, but there is someting you should know
There's gonna be waves, there's gonna be storms
But we carry on
We all got our fears, we all have our doubts,
But I can't live without the way you run to me,
When the world is falling on its knees
Rest assured I'm not leaving you behind
I know your past, I know your dreams
I know your flaws and everything between,
I know it's hard for you to let go, but there is someting you should know
I'm here for good
If I can dry your eyes and know that I would
Cause I'm here for good
We've ridden the highs, we fall through the lows
And I never lost hope
When you fall apart, you know I'll pick you up
Because I can't live without the way you run to me,
When the world is falling on its knees
Rest assured I'm not leaving you behind, tonight
I know your past, I know your dreams
I know your flaws and everything between,
I know it's hard for you to let go, but there is someting you should know
I'm here for good
If I can dry your eyes and know that I would
Cause I'm here for good
There's no need the worry, don't ever feel lonely,
I'm here for good
When you fall apart, you know I'll pick you up, I'll pick you up
There's no need the worry, don't ever feel lonely,
I'm here for good
I'm here, I'm here, I'm here for good
I know your past, I know your dreams
I know your flaws and everything between,
I know your past, I know your dreams
I know your flaws and everything between,
I know it's hard for you to let go, but there is someting you should know
I'm here for good

If I can dry your eyes and know that I would
I'm here for you
You don't have to worry, you'll never be lonely
You don't have to worry, you don't worry
I'm here for good
