I Move Chickens

Gucci Mane

I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
Rap about Gucci, stay strapped with a Uzi
Murder one platinum eatin' justice by Tuesday
It's Gucci Mane, excuse, dawg I'm makin' my music
For facin' me a nigga fight about what a toothpick
I did 6 months incident with a pool stick
They found a nigga guilty still say I didn't do shit
Major league, minor league was independent
I moved on shawty, Gucci handled his business
And I ain't goin' back to jail, God is my witness
I'm grinnin' so hard it look like it's a picnic
So icey entertainment in Atlantic
I'm trapped in Spanish for slayin' them dragons, nigga
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens

In the kitchen cookin' chicken tryin' to pay my rent, shawty
I'm chef boy Ardee and I'm cookin' a QB
I'm whippin' up the gravy, the feins say that it's tasty
I'm up 980 soldier strapped like the navy
It's fuck you, pay me bitch what you done lately
I grow up crazy boy 1980
A true trapy baby bitch this okay, maybe
The streets raised me, I drove my kinfolks crazy
Rather buy purp then pleasure
Gucci won't mean lazy, nigga
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
From start to the finish Gucci Mane the apprentice
So every word letter I had lived every sentence
It's perfectly placed [Incomprehensible]
I'm trappin' and cursin' for rappin' the Chinese
Down south finest it's Gucci your hinus
Crazy color diamonds they got me shinin'
Bitch arms up climbin' up a cut like Tyson
I'm big cruz diamond but we got no license
Lanes talk senseless G's you silence
And you can use these dog but I use violence
I'm trappin' like a house over trap house cloudy
Your stone's cloudy so you're not ballin'
My down south swag got the fine hoes callin'
My swag so norm and my grill so gnawless
My down south swag got the fine hoes callin'
My swag so norm and my grill so gnawless, nigga
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens

I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens, shawty
I move chickens
I move chickens
In the kitchen cookin' chicken tryin' to pay my rent, shawty
