

I'm Good

Tim Bowman Jr

People say Tim Yo
You're my hero
How you doing?
How you stay strong?
Let 'em all know.
There's so much that I've been through
I have my days when, It's true y'all
I just can't smile, I just wanna cry
It ain't easy, sometimes it's work just to be alive
But when I think of the goodness
That's come to me
It's easier to let go of all my grief
Sometimes you gotta tell yourself
That I'm not having it
Just take a good look in the mirror
Say to yourself I've come too far to quit
HOOK:
(So say I'm good) Good enough to love myself
(So good) Good enough to have success
(Yeah, yeah yeah) What you gain from all your stress
Is the freedom to know that you are blessed
(I'm good) Good enough to handle my biz
(So good) Good enough to raise my kids
(Yeah, yeah yeah) The past is the past and honestly
I'm happy for where I'm at because I'm good.
People ask me am I confident
I reply with every now and then
Life comes down to two things
And that's rejection and acceptance
So I reject that there's not peace
And I accept that I am free
But that's all I have to be
That's all I'll ever need
Because when I think of the goodness
That's come to me
It's easier to let go of all my grief.
Sometimes you gotta tell yourself
That I'm not havin' it
Just take good look in the mirror
say to yourself, I've come too far to quit.
HOOK:
(So say I'm good) Good enough to love myself
(So good) Good enough to have success
(Yeah, yeah yeah) What you gain from all your stress
is the freedom to know that God is blessed
(I'm good) Good enough to handle my biz

(So good) Good enough to raise my kids
(Yeah, yeah yeah) The past is the past and honestly
I'm happy for where I'm at because I'm good. Because my People let me tell
And I'mma say it loud and clear
And you listen
So you'll hear me
So you never will forget
You're good enough to get that job
You're good enough to drive that car
And on top of all these things
You're good enough to have your dreams.
Come on let me hear you say HOOK:
(So say I'm good) Good enough to love myself
(So good) Good enough to have success
(Yeah, yeah yeah) What you gain from all your stress Is the freedom to know that you are blessed
(I'm good) Good enough to handle my biz
(So good) Good enough to raise my kids
(Yeah, yeah yeah) The past is the past and honestly
I'm happy for where I'm at because I'm good.
