Race To Erase

Son Lux

Oh, the vacant night
Speaking silence you wrote
I would follow youScattered pieces of you
Filling spaces you were
Silence followed you
Speaking out my name
Come again, come again, come againAnd we race to eraseAbsent glimpses of you
Story lost with time
Shadows followed me
Calling out my name
Come again, come again, come againAnd we race to eraseOh, the hallowed night
Cries of silence we wrought
How it followed usScattered pieces of us
Filling spaces we were
Silence followed us
Crying out our names
Come again, come again, come againAnd we race to erase
