

# All We Can Be

## Bizzy Bone

[Intro: Bizzy] It's the remix, we here to rock this shit  
It's the remix, we here to rock this shit  
Bizzy Bone, Bryon McCane  
Shouts out to the family members  
Playalitical on the track, first and foremost  
Yeah, one time for your mind  
Colorado style, mountain time

[Chorus: Bizzy Bone (Heaven)] It's only me, let us be all we can be (let us be all we can beeeee)  
Baby it's only me; nothin but mud, spirit, indeed me  
Let us be all we can be (let us be all we can beeeee)  
Baby it's only me, it's only me, it's only me, it's only me

[Bizzy Bone] While I'm runnin in a circle, the demons say I am murkable  
No weapons are formed in the storm; it's gettin warm  
I'm purple hearted, watchin the world  
While dippin up out of the science with alliance, one all, there are many worlds  
Heavenly Father, while we dippin in this wilderness  
Watchin where we castin our pearls, that's to the wickedness  
Old school bible vocab, spit up the bible  
Slice in math, spit it in a paragraph style  
But me don't want no bad man, give me some medication  
Baby that ain't a word, you know my edumacation  
Split up the verb dawg, I don't think that that's a verb  
Feelin like the troubles have become so absurd  
Forever, pay for the sins that we know that we've committed  
Been admittedly, born in the sins, is we sinners?  
Let me take you out to dinner, so you can study my life  
Will you love me or condemn me? That's the price (that's the price)

[Chorus 2X][Bizzy Bone] Lord when I need you, I'm feelin like I'm lonely sometimes  
And yes this money don't make a difference, the soul is Christ

I put God first, I give it up to the father  
Daddy do what you will, I love you forever cause you the father  
Never selfish, make myself selfish for you  
Do what we gotta do, I'm only here for you, it's true  
Gotta do the righteous thing, God will protect us through the right in things  
Rightin wings, tighten things, lighten things, excitin things  
And what more should I say, now let me tell you in the chorus  
'fore they break me in phosphorus (I said hey)  
What more should I say, well let me tell you the chorus

before they break me in phosphorus  
[Chorus 2X][Bizzy Bone]I got an envelope of paper in my pocket, we grindin  
Turnin 50's into 100's, baby that's perfect timin  
While shinin in the black Ac', windows tinted  
Four women in the car with me, is this pimpin?  
Baby evil always lurk in the dark, ooh park  
We bustin down the (Chambers) in the Wu-Tang art  
Now chitty bang-bang, take a trip down memo' lane  
Picture me runnin, picture me comin, we all 100  
Feel the fuckin drummer drummin, we live and direct  
And come connect, with the posses of soldiers and resurrect  
Selective of my word use, know of truce  
Obstruction of the justice that we did in our youth  
See it's a new day, new way, see me in the afterlife  
Holla at me, love me don't condemn me, that's the price  
It's a new day, new way, see me in the afterlife  
Holla at me, love me or condemn me, that's the price  
[Chorus 2X][Outro: Bizzy]In the name of the Father, the Son and the Holy Spirit amen  
In the name of our lord and savior Jesus Christ, amen  
One time, forever and ever and ever, and ever  
[Heaven harmonizing fades out]
