

Brothers

Gamma Ray

My life, not yours, is that alright? No fight
I wanna quit it, no way, is that okay?
No don't you dare, don't you dare to touch it with your fingers
You sneak around, pull me downGimme no, gimme no, gimme no more bullshit
I know there's something goin' on
You better leave my life alone
You gotta take it as a matter of fact now step asideWe are brothers in rock, we won't let go
We got our music and we got our soul
With the sisters of rock we can change the world if we tryCool down, move around
Someday, maybe you will understand it
My way, okay, feels so good
Feels so good, feels so goodTo be with all my good friends
Don't you realize you talk too much
I got an easy way of life, don't touch
You gotta face it as a matter of fact, now step asideWe are brothers in rock we won't let go
We got our music and we got our soul
With the sisters of rock we can change the world if we tryWe are brothers in rock we won't let go
We got our music and we got our soul
With the sisters of rock we can change the world if we tryIn the concrete jungle we play rock n' roll
To set us free, to lose control
In the concrete jungle we can break the walls
That hold us down and keep us smallDon't you realize you talk too much
I got an easy way of life, don't touch
You gotta face it as a matter of fact, now step asideWe are brothers in rock we won't let go
We got our music and we got our soul
With the sisters of rock we can change the world if we tryWe are brothers in rock we won't let go
We got our music and we got our soul
With the sisters of rock we can change the world if we tryWe are brothers in rock forever and forever, ohh, ohh
