

# No. 1 Party Anthem

## Arctic Monkeys

Could you step outside for a walk for a talk with me  
That long little fluttering look you give  
is just not doing it any more  
You sat alone for a while but then you pitch across your mind  
Your move is solitude when you take me by my hands

And if anyone told me you'd be the one, I'd tell them your not for me  
but give you a chance and you'd twist them as far as they'd go

If you think you can stay out all night you've got a paradoxical hope  
When you come home for a while I'll stand they're and put on a show  
You put your heart in my hands and I suppressed it as hard as I can as we danced to the number one party  
anthem

Would you step outside for a walk for a talk with me  
That long little fluttering look you give  
him oh he don't believe no more  
He sat alone for a while but then you pitched him your mind  
And you moved like solitude when you took him by your hands

And if anyone told me you'd be the one, I'd tell them your not for me  
but give you a chance and you'd twist them as far as they'd go

If you think you can stay out all night you've got a paradoxical hope  
When you come home for a while I'll stand they're and put on a show  
Well I put my heart in your hands and you suppressed it as hard as you can as we danced to the number one  
party anthem

Well If you think you can stay out all night you've got a paradoxical hope  
When you come home for a while I'll stand they're and put on a show  
Well I put my heart in your hands and you suppressed it as hard as you can as I danced all on my own.
