The Devil's Beat

Sandi Thom

Help me get my feet back to solid ground
Cos were walking to the devil's beat
And it's trying to bring us down.
Well the devil's get us rolling a 6-sided dice
And it's burning up the olis and melting down the ice
And the bank tills are ringing to thr tune of war
Do you ever wonder what it is we're fighting for?
Oh it don't feel so good when the sun don't shine
Oh we gotta leave this place leave it all behind
oh before I lose my head and I lose my mind
Help me get my feet back to solid ground
Cos were walking to the devil's beat
And it's trying to bring us down.
Sweet mother nature's such a lonely girl
What's she gonna do when we selll the world
Time will only tell if the prophecy's true

Has the devil got the beat or has the beat got you.
Oh it don't feel so good when the sun don't shine
Oh we gotta leave this place leave it all behind
oh before I lose my head and I lose my mind
Help me get my feet back to solid ground
Cos were walking to the devil's beat
And it's trying to bring us down.
Come on and help me get my feet back to solid ground
Cos were walking to the devil's beat
And it's trying to bring us down.
Oh it don't feel so good when the sun don't shine
Oh we gotta leave this place leave it all behind
oh before I lose my head and I lose my mind
Help me get my feet back to solid ground
Cos were walking to the devil's beat
And it's trying to bring us down.
