

You Hit the Spot

Graham Parker

Pre>

This groove is em d em bm7 and the other chord is aEm d em b7

You hit the spot send a heatwave through my brain

Another shot of an antidote for pain

When I get the fear gets down to the bone

A briefly (groove continues)

When you're near I don't feel alone You hit the spot everybody makes me cringe

It's worth a shot I'd rather burn than singe

When the walls close in I feel crushed

I'll take your calls I'll take your loving touch

A d

Oh ooh baby your love gives me all

A em

Even when this world makes my skin crawl You hit the spot wipe out the rest of the world

Don't ask me what you're doing here my girl

A natural thing among these substitutes

You wear the ring I wear the monkey suit G c g c em a

Oh yeah oh oh yeah You hit the spot look out look out look out look out

What you haven't got you always worry about

These tangled hours we just can't unwind

Won't interfere leaving them behind

A d

Oh ooh baby your love gives me all

A em

Even when this world makes my skin crawl You hit the spot don't do this again

You seem to blot out all the pain

When I get the fear gets down to the bone

When you're near I don't feel alone G c g c em a

Oh yeah oh oh yeah Spot spot spot yeah you hit the spot

Spot spot spot you just seem to blot out all the pain

Spot spot spot but don't miss again you hit the spot

You hit the spot hit it hit it hit it repeats and fades
