## P. Diddy feat. G-Dep & Black Rob

Uh huh, uh huh, Brooklyn, Vietnam  
What you, uh, yeah, uh, come on  
Oh no, big Shyne Po  
Back in the motherfuckin' heezy for sheezy  
Gimme a tech that don't jam  
(Bang bang)  
I'm tryin' to jucks some more grams and work this whole thing  
My minds poisoned, corrupted and diseased  
360 Ki's, money make the world spin, I make your chest smoke  
Have your mother singing hymms  
Particles of your brains up on your tims  
Kiss you before I twist you  
170 miles, headed for disaster faster  
I put it down right bustin' off these rounds like  
Real niggaz is kings you ain't rockin' that crown right  
Harder more PK watches  
Topless, bitches in cars  
Only meals could heal my scars  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Allegations got me pacin'  
Grand jury wouldn't understand my fury for fast cars and jewelry  
I could give a fuck if there's a Heaven for a G  
This is Heaven for me go to trial never plea  
Do a bullet and come home to the throne  
I don't rhyme, I just talk about this life that's mine  
I've seen niggaz die, in front of my eyes doin' my filth

Niggaz is expiring like milk  
Different strokes for different folks  
Just give me, different coke in different boats  
Black Aristotle Onassis, all I see is crack addicts and automatics  
You rap niggaz is faggots, y'all cannot be serious  
I'm in coupes with Gucci interiors  
Airin' out your areas  
Tech nines, two in the flex and shit  
Lookin' at myself like yo I'm the best in this  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Sometimes I really wonder what's it all about?  
How many bitches can I fuck until I get out  
How many Ki's can I cut, guns can I bust  
Wigs can I push, spots can I juck  
Every single one, 'cuz I'm a fuckin' savage  
Till I'm cremated, most hated, self made, blood type G  
All these young hustlers wanna bubble like me  
They supposed to, sippin' on syrup, until I perish  
Pickin' bitches off the run-way  
Look forward to, gun-play  
Go to sleep with one eye shut  
Wake up and do the same shit  
I ain't never gonna change bitch  
That's the cycle I don't wanna be like Michael  
More like Darrell Porter, gettin' shipments at the border, uh uh  
Yeah, it's a wrappity wrap  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to

Niggaz wanna mash like me, dash like me  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like me  
Niggaz wanna rhyme like shine like me  
They supposed to  
Niggaz wanna bust their guns like me  
They supposed to  
Niggaz wanna grind like crime like me  
They supposed to  
Niggaz wanna mash like me, dash like
