

# Always You

Ingrid Michaelson

I wait in the rain  
But I don't complain  
'Cause I wait for you  
And I don't feel pain,  
You're like Novocaine,  
And I got you It was always you  
It was always you Time and again  
I thought that the end  
Was just around the bend  
But you showed me there's more,  
I got more in store,  
And you got me It was always you  
It was always you
