

# Loosen The Knot

Lissie

Humour me this one last time  
Think I've just made up my mind  
Looking at me like a lover does  
But it'll never be the way it was Feel that chord that holds us tight  
Let's unravel this tonight I wanna loosen up loosen up  
Loosen the knot  
The knot that is holding us  
Binding us  
Keeping us together now  
I wanna give it up, toughen up  
Like it or not  
Maybe it's all that is stopping us  
Keeping us together now Undermining what I do  
No one does it better than you  
And when you change your attitude  
Things will change 'tween me and you  
The end is comin' darling and I'm bringing the news I wanna loosen up loosen up  
Loosen the knot  
The knot that is holding us  
Binding us  
Keeping us together now  
I wanna give it up, toughen up  
Like it or not  
Maybe it's all that is stopping us  
Keeping us together now Together now, together now, together, now  
Humour me this one last time I wanna loosen up loosen up  
Loosen the knot  
The knot that is holding us  
Binding us  
Keeping us together now  
I'm gonna give it up, toughen up  
Like it or not  
Maybe it's all that is stopping us  
Keeping us together now I wanna loosen up loosen up  
Loosen the knot
