I'm Gonna Strangle You

Screeching Weasel

What I wanna say I'm gonna say to you
And what i wanna do I'm gonna do to you
And if you should decide
That you don't like it - get out
When I wanna talk I'll talk all over you
And when I wanna walk I'll walk all over you
And if I have to drag you
Kicking and screaming - I will
What I wanna do
I'm gonna strangle you tonight
