Don't Cry

Imaginary Cities

Get out of bed
Gotta brush your hair
Now start the car
Gotta get out there
No icy road
Gonna slow us down
No heavy load
Gonna stop us nowDon't cry
Don't cry now baby please
Don't cry
Don't cry now baby pleaseNever do we have enough time
Maybe I just feel too old
Do you wanna get on with me
But do you have to be so coldWe hit the road
And speed on down
No border guard
No us bound
They don't frighten me
I don't get the sweats
I'm a sight to see
Yes I'm a betDon't cry
Don't cry now baby please
Don't cry
Don't cry now baby pleaseNever do we have enough time
Maybe I just feel too old
Do you wanna get on with me
But do you have to be so coldDo you wanna be my lover
You know that I'm a real good boy
Leaving for a very short time
You've been bringing me such joyNever do we have enough time
Maybe I just feel too old
Do you wanna get on with me
But do you have to be so coldDo you wanna be my lover
You know that I'm a real good boy
Leaving for a very short time
You've been bringing me such joy
