Who Am I (feat. The Ridiculous Child)

Nili Reyy

Who Am I...

[Course: Nili Reyy]
Who Am I, I can't find me //
Or Hide this Hate inside me //
Who Am I, What's inside me //
Or is that hope that's dyeing //
I'm running, searching, finding //
But really it's not that satisfying //
My past is running away from me now //
Thought that I could handle it but it's just weighing me down //
Down (repeat)

Who Am I...

[Verse #1: Nili Reyy]
Listen up man I'm deep in it damn //
Please hold your tongue as this shit hits the fan //
And the reason I stand in the valley I'm in I'm so done with the foes enemies and the friends //
I've dealt with them and //
The hell with them then //
Thanks now I see where the hell that we stand //
Not excited to see where the hell that I am //
Cause this wide road I walk is the path to my end //
Am I back in my sin, then I'm closing this book with this chapter I end //
And as I begin I'm packing it in //
Bottled inside to divide me again //
So fuck em and try me as I walk that border lining //

Who Am I..

[Bridge #1: Nili Reyy]
Like who am I, I need to rewind //
I never thought you'd be the person that would go off and try //
You tried to break me down //
I see now what your about //
And now on every single fake I am burning you down //
Tormented now in my mind //
So in the darkness I hide //

But the question still applies who am I deep inside //

Who Am I...

[Verse #2: Nili Reyy]
But really most of my time why can't I just control it //
I feel its building up with this hate that I know that I'm holding //
I need someone to call my name because I'm feeling lonely //
I know I'm slowly dying so I need someone to hold me //
Hold me yea yea // (Repeat)x2

Who Am I..

[Bridge #2: Nili Reyy]
Who am I, I need to rewind //
I never thought you'd be the person that would go off and try //
You tried to break me down //
I see now what your about //
And now on every single fake I am burning you down //
Tormented now in my mind //
So in the darkness I hide //
But the question still applies who am I deep inside //

Who Am I...
