## Butthole Surfers

Cherub  
Cherub the angel  
Roll back the hands of timeCherub  
Enter the angelaaaaaahhhh!You walk alone now  
You're never mind  
The walks you've taken  
have left behind  
All people sideways  
They look at you  
may god forsake me  
cause I do toI see bodies  
Maybe, maybe someone is alive  
Naked we smileHoo-hahahahahahahah, a-hahahahahohohoNakedHa-haahhhhYou're right beside me  
you gaze a view  
your body's vacant  
they crawl right throughthose bodies falling  
it's in the air  
we're mixed so close now  
but I don't careha ha hawalk upon me  
your body lead  
you try to escape you  
it's in your headI'd better go back  
I'm not over thereYou walk beside me  
you gaze at me  
you're homeless now  
or that times threamazon  
you gaze along  
I'll make you talk you  
there is no bongyour mind has cut you  
you're bleeding now  
your plans escaped  
just like a bowthey walk right past you  
they stop and stare  
your body's lying  
all over thereha-he-he-he-hefeh
