Liberty

Sweetbox

Liberty...
Gravity...
Eternity...
Memories...
Freedom...FreeOne life wasted
No one can replace it,
Candles burning
But the world's
Still turning.
Did you want this?
Did you think it over?
Your mother sits there crying
What do I say to her(chorus)
Is there liberty?
Gravity?
Do memories remain?
Did you find freedom
or did you break free?
Liberty?
Gravity?
Do memories remain?
Did you find freedom?
or did you break free?(rap verse)
I never knew why you gave up early
I think of the times you were depressed and if didn't concern me
Days we had good and the bad
But all that's gone now
And who wouldn't be sad?
Who could have saved you from cutting your life short
The answer is priceless
But definitely something to fight for
Holing on to our memory the tears unfurl
To the world you were someone
And to someone the world(repeat chorus)(second rap verse)
Is there anger, is there pain, and do the faces stay the same?
Is there justice, is there blame, or do we all just end in vain?
Tell me... tell me
Is there mercy, is there fame, did you find a better way?
Do you feel us, do you see us, do you hear us when we pray?

Tell me... tell me(repeat chorus)Liberty?
Gravity?
Do memories remain?
Did you find freedom
Or did you break free?
