Inferno Veil

Shaman

Nightmares...Heavy Breathe...
Feel like twilight zone
No one can help me,
Unless I Wake up...I can't feel my arms
Everything else so is cold
Blinded by this veil,
For sure I Was marked and Cursed...
Oh Yeah!!!Baptized my black rain...
heart consumed by terror
No way!!! This ain't me,
I Am what I Live for...All my will is crushed
What's left of me is pain
Please make it go away...
I swear I'll be good!!
No matter where I am...
These dark clouds have no intent to go away!
It All makes sense now...
