

Wasted Nights

We Are Forever

Advisory - the following lyrics contain explicit language:

So girl get your lips off of that bottle
and tell me what it's like to be the center stage whore once again
count down 3 2 1 now answer one last thing
was there a feeling when you tasted my kissbut it's time to say goodbye
to the times when we were wrong
can we be anything but this broken broken dream
be my dreamso girl did you find it easy to forget
all the heartless lies you said to me
when we were all alone
so girl did you find it easy to forget
all those heartless lies you said to me
before I could come back home
and it's time to say goodbye
to the times when we were wrong
can we be anything but this broken broken dream
be my dream
x2
