## Avoid One Thing

way to go  
we'll live by the ocean  
way to go  
you'll live there with me  
half an hour  
of pure devotion  
can really fuck  
with a man's sanityits time to wake up and go for sure  
two down in the time it took to call  
for cold yakisoba  
more brings the balance that I adore  
time time going going gone  
not like its overway to go  
who'd believe it  
look at us now  
now its the best  
another hour  
of your devotion  
stick around  
now I'm a messits time to wake up and go for sure  
two down in the time it took to call  
for cold yakisoba  
more brings the balance that I adore  
time time going going gone  
not like its overover you  
over nothing  
over you  
over nothingway to go  
we'll live by the ocean  
way to go  
you'll live there with me  
half an hour  
of pure devotion  
can really fuck  
with a man's sanityway to go
