

Out of My Head

Mobile

Come on over, let me watch you
Let me hold you, let me touch you Right or wrong, I should've stayed up till the break of dawn
Ever since our eyes did meet I long to see
Your eyes surprised me like a moon on a cowboy movie screen
I never found out what it means I must be out of my head
It must be something I said
So come on I'll waste my life You think I'm out of my head
But I'm romantically dead
So come on I'll waste my life on you Come on over, let me watch you
Let me hold you, let me touch you I'm right, you're wrong, you should have come to me before too long
You'll never leave my sight again to keep you then
Your eyes deny me like the sun on a night sky movie scene
And I just don't care what it means I must be out of my head
It must be something I said
So come on I'll waste my life You think I'm out of my head
But I'm romantically dead
So come on I'll waste my life on you And I hate to be the one, the one to drop the bomb
You wouldn't wait around but I'll be watchin' you
Woh, you, you, woh, you, yeah you
Woh, you, you, woh, you, yeah you, woh, woh I'll watch your every move
You can't know we can't hurt you
You got no choice I got you I must be out of my head
It must be something I said
So come on I'll waste my life You think I'm out of my head
But I'm romantically dead
So come on I'll waste my life I must be out of my head
It must be something I said
So come on I'll waste my life on you You think I'm out of my head
But I'm romantically dead
So come on I'll waste my life, I'll waste my life, my life on you
