

Let Me Try

Lil Rob

They wanna manipulate your mind but don't try it
Even if I was the devil and wanted your soul, I wouldn't buy it
I choose to stay quiet, they claiming the bigger misdemeanor
I wanna be like David and Goliath, shut their mouth, finally silence I hold the Corona, I live in La Colonia ain't
got no one to depend on
No tango a nadie, like I told ya, they follow like a soldier
I'd rather be my own general, what goes up must come down
What goes around comes around like teatherball I shine like armor all, watch the Wilds dale parters fall watch out
For the handshake, fall down flat on the ground all down like
A big flat pancake, baby, let me be the guy for the time of your life
And let me be the low rider for the part of your life Let me be that part of your life, many guys have come to you
With a line that wasn't true, and you, passed them by now
You're in the center ring and lies don't mean a thing
Why don't you let me try? Many guys have come to you with a line that wasn't true
And you passed them by, now your in the center ring
And their lies don't mean a thing, why don't you let me try? You come to my town, like once every weekend, I
can't sleep
'Cuz anticipation gets me up like I was tweaking every time
You look at me, seems like you got control of my breathing
Could it be that you want me, could it be that reason or could it be that? I'm dreaming, just my imagination
running away with me
Would it be too much to ask, baby, if you could stay with me, later?
And play with me or maybe, just spend a day with me
'Cuz baby, you gots this little boy acting crazily Now I don't wear a diamond ring, I don't even know what song
to sing
But I do know one thing, all the happiness I can bring, I'm you puppet
But please don't take advantage of the string 'cuz I'll loose myself
In a tangle then I'll have to find myself a brand new thing So tell me what you think go with him 'cuz the line is
thin
So don't leave me in the dark, don't leave me on the outside looking in
Many guys have come to you, with a line that wasn't true
But baby, I'm for real, so tell me how you feel Many guys have come to you with a line that wasn't true
And you passed them by, now your in the center ring
And their lies don't mean a thing, why don't you let me try?
