Someone Like You

John Waite

I've been searchin' for a long time
For someone exactly like you
I've been travelin' all around the world
Waitin' for you to come throughSomeone like you could make it all worthwhile
Someone like you to keep me satisfied
Someone exactly like you, just like youI've been traveling such a hard road
Baby, looking for someone exactly like you
I've been carrying this heavy load
Waiting for your light to come shining throughSomeone like you could make it all worthwhile
Someone like you baby, to keep me satisfied
Someone exactly like you, just like you
Yeah baby, just like youAnd I've been doing some real soul searching
Tryin' to find out where you're at
And I've been up and down this highway
To all kinds of foreign landsSomeone like you to make it all worthwhile
And someone like you to keep me so satisfied
Someone exactly like you, just like youSomeone like you could make it all worthwhile
Someone like you could keep me so satisfied
Someone exactly like you
Yes, someone exactly like you, just like youI've been searching for such a long time
Marching to the beat of a different drum
Now I realize, the best is yet to come
Someone just like you, someone just like you
