

Fell Right Into You

Jessie Farrell

When I met you
In the rear view
mirror
You were closer then it seemed
I was going through dark troubled times
No sign of light in my view “to love

When I met you at the movies “honey
You sat closer then a friend
What makes you sick
What makes you tick
What gets you up what brings you down
Who’s watching over you now

Each time you came around I felt a bit lighter
Lost in a sense of something so right
I fell right in into you
Each time you came around I felt a bit brighter
Lost in a sense of something so right
I fell right in into you
I’m into you

What I write you in this letter
are all the words that help me see that
You,
You make me so much better
All you do when we’re together!

Each time you came around I felt a bit lighter
Lost in a sense of something so right
I fell right in into you
Each time you came around I felt a bit brighter
Lost in a sense of something so right
I fell right in into you

I’m into
Yo-ou
Yo-ou-ou
Yo-ou

Yo-ou-ou

Each time you came around I felt a bit lighter
Lost in a sense of something so right
I fell right in into you
Each time you came around I felt a bit brighter
Lost in a sense of something so right
I fell right in into you

I do
I do
I do

Iâ€™ve been thinkingâ€™ about you in the middle of the night
How could something so wrong go so right.
I fell right In, into you.

Iâ€™ve been thinkingâ€™ about you in the middle of the night
How could something so wrong go so right.
I fell right in, into you.

Each time you came around I felt a bit lighter
Lost in a sense of something so right
I fell right in into you
Iâ€™m into you
