

# Total Life Forever

## Foals

I know a place where I can go  
When I'm low down  
To your house, down to your house  
I will go when I'm low I know a face who I can show  
My true colors  
To your arms, into your arms  
I will go when I'm low 'Cause total life forever  
Will never be enough, no  
'Cause total life forever  
Will never be enough, no I've seen it all [Incomprehensible]  
To your house, down to your house  
I will go when I'm low They took it all and to the [Incomprehensible]  
To your arms, into your arms  
I will go when I'm low 'Cause total life forever  
Will never be enough, no  
'Cause total life forever  
Will never be enough, no Singularity is here to stay  
So go down, go down, go down  
Go down, go down, down low  
Let's take it slow Singularity is here to stay for you and me  
Go down, go down, go down  
Go down, go down, down low  
Let's take life slow Go down, go down, go down  
Go down, go down, down low  
Let's take life slow Go down, go down, go down  
Go down, go down, down low  
Let's take life slow I know a place where I can go  
When I'm low down  
To your house, down to your house  
I will go when I'm low I know a face who I can show  
My true colors  
To your arms, into your arms  
I will go when I'm low 'Cause total life forever  
Will never be enough, no  
'Cause total life forever  
Will never be enough, no
