Butterfly With Teeth

Seether

Well it feel like I can't go on
Living this lonely life
Or I can't face the day, so long
Nothing to get behindI'll play with the wind, hold on
Chase it without regard
Too restless to sing those songs
Keep this all in perspectiveSo stay strong, for the rest of the world
Stay strong, and watch as it burns
Stay strong, and swallow your pills
Stay strong, with nowhere to turnYes I know
Yes I know
Yes I knowWell it feel like I can't go on
Living this lonely life
Or I can't face the day, so long
Nothing to get behindI'll play with the wind, hold on
Chase it without regard
Too restless to sing those songs
Keep this all in perspectiveSo stay strong, for the rest of the world
Stay strong, and watch as it burns
Stay strong, and swallow your pills
Stay strong, with nowhere to turnYes I know
Yes I know
Yes I know
Yes I know
Yes I know
