

Divided (An Argument for the Soul)

Incubus

You are divided
For now, For now You are divided
For now, For now You are divided I have a wish, I want to learn
I wish to see, and I want to affirm
That what I see in reflection day to day
Isn't all I am Say what you see
When you close your eyes and glide
The only shell who could
Circumvent the tide
Sheds of himself
That tells us what he knows
And a piece of him will stay
When the rest of him
Goes You are divided
For now, For now You are divided You are divided
For now, For now You are divided I have a wish, I want to learn
I wish to see, and I want to affirm
That what is here, broken record everyday
Isn't all there is Say what you see, when you close your eyes and glide
The only shell, to Circumvent the tide
Shells out himself, And tells us what he knows
A piece of him will stay
A piece of him to stay, helps me grow The piece of you
That makes you, you
That part stays
You are divided The piece of you
That makes you, you
That part stays
You are divided
Ahhhhh, ahhhh You're only divided The piece of you
That makes you, you
That piece stays
You are divided The piece of you
That makes you, you
Don't be afraid
