

Summer Love (feat. Erik Goca)

Ricardo Reyna

I felt the light
Looking at you, my heart revived
The moment we met, we clicked some how
As I came too close to touch your hand

I started to feel the rush, Coming down
Rushing from my head to the grown
I heard your voice "its time to ignite
the love into flames as we danced all night
taking me high....

We fell in love
Making a trip to paradise
bitting my lip, touching your skin
The night and day became the same

I started to feel a rush coming down
Rushing from my head to the grown
I heard a voice it's time to ignite
The love into flames as we danced all night
Taking me high
