

Lover's Dream (No. 2)

Far Beyond Frail

This town's under water
'Cuz I control the weather
And every time I cry
It rains
This town ain't seen a sunrise
For what feels like a lifetime
'Cuz I ain't had a happy thought in days
So last night I dreamed myself away
Last night I dreamed myself away
From this place
It was a lovely dream
Such a lovely dream
'Cuz you were there
Dreamed myself into a fairytale
And found you there
Babe, I'd dream myself anywhere
But you, you gotta swear
That you'll be there
I was tired of the East Coast
So I drove toward the West Coast
Guess I just got lost somewhere in between
The Kansas City skyline's
Been playing tricks on my mind
Telling me I'm all right without you here
So last night I dreamed myself away
Last night I dreamed myself away
From this place
It was a lovely dream
Such a lovely dream
'Cuz you were there
Dreamed myself into a fairytale
And found you there
Babe, I'd dream myself anywhere
But you, you gotta swear
That you'll be there
I need you there
You're my favorite dream
You're the reason I sleep
'Cuz you were there

Dreamed myself into a fairytale
And found you there
Babe, Iâ€™d dream myself anywhere
But you, you gotta swear
That youâ€™ll be there
Dreamed myself into a fairytale
And found you there
Babe, Iâ€™d dream myself anywhereâ€™
