

No Shortage

The Isaacs

There's no shortage on God's mercy
No shortage on God's love

There's a shortage on corn,
A shortage on wheat,
There's a shortage on beans,
A shortage on meat

The things that we needed we just can't hardly buy
Why there's even a shortage on the air in the sky
But I know of one thing there's no shortage of
There's no shortage on God's mercy
No shortage on God's love
Da da da dadada da da da da dadada x2

There's a shortage on fuel,
A shortage on gas,
Got a shortage on wood,
A shortage on glass

The things that we've wasted are now precious to buy
You know there's even a shortage on the air on the sky
But I know a great thing there's no shortage of
There's no shortage on God's mercy
No shortage on God's love

God is love and mercy unending
His precious love will leave you no doubt
When from Satan you need defending
God has supplies that will never run out
Da da da dadada da da da da dadada x2

There's a shortage on friendship,
A shortage on smiles,
There's a shortage on neighbors
Though there are millions for miles

Thank Heaven for one thing there's no shortage of
There's no shortage on God's mercy
No shortage on God's love
There's no shortage on God's mercy
No shortage on God's love

Da da da dadada da da da dadada x2
