

Don't Go Away

Rude City Riot

I'm lying in bed, and right up ahead,
Rooms spinning around and I'm thinking aboutcha.
I wish I was dead.You left me today,
To find your own way,
And when the truth really hits you
Will you be there and innocent?Don't go away,
Don'tcha go away,
Don'tcha go away from me.
You're everything, you're everything, everything a girl should be.Don't go away,
Don'tcha go away,
Don'tcha go away from me.
You're everything, you're everything, everything a girl should be.I never knew why,
You started to cry.
Never ever knew that old sadness inside you
Was just a lie.You left me today,
To find your own way,
And when the truth really hits you
will you be there, in this lair?Don't go away,
Don'tcha go away,
Don'tcha go away from me.
You're everything, you're everything, everything a girl should be.Don't go away,
Don'tcha go away,
Don'tcha go away from me.
You're everything, you're everything, everything a girl should be.Aaah go!Yeah
