

There You Are (Orchestral)

Brooke Miller

I always wonder where you came from
And you always say Mars
I noticed one day my life was missing something
And then there you areIn your shiny Martian suit
With a ship by your side
I was wearing my heart on my sleeve
You were wearing a starI can't help but feel the luckiest
Of anyone here
Was it so beautiful on your planet
That you wanted me thereBefore you know it
We're in it one year deep
Tell me why do you want
To go out living in disguise?You always show me love with open arms
And I always give in
I would have charmed you back from China
Or from the Pisces finAnd how I am swept away
By your mission to change the world
And I know that you've changed
One world here for sureBefore you know it
We're in it two years deep
And I know that you've changed
One world here for sure
