Don't Let Silence Be an Option

Satanic Surfers

they globolize hunger and they globalize war make people into commodities and they profit even more how muck longer can we act as passive bystanders? while 3/4 of the human race are living in extreme poverty while 3/4 of the human race are dying in extreme poverty in the strangehold of capitalism some say we make mountains out of moleills but if we dont compormise with human lives every comprimise is a failure one step forward two steps back if they globalize resistance dont let silence be an option.
