

# No One Will Ever Replace Us

## The Courteeners

Your razor sharp wit and a festival braid  
Little playsuit like a hand grenade  
Pull the pin, pull the pin  
Pull the pin, pull the pin You had your hamstrings on my shoulders for LCD  
I thought maybe it's a moment  
And maybe we  
Stick with me, stick with me  
Stick with me, stick with me You know that  
No one will ever replace us  
You doubted it but I never did  
No one will ever replace us  
We were the best team that ever lived  
So you lost your mind  
And the rest of us don't worry honey  
[?] to the best of us  
You cannot comfort me  
You cannot comfort me Trying to find a gap through the crowds  
With your hand in mine running under the clouds  
Stick with me, stick with me  
Stick with me, stick with me You know that  
No one will ever replace us  
You doubted it but I never did  
No one will ever replace us  
We were the best team that ever lived We were then  
Now we can be again  
Just say the words and I'll be by your side  
I'll be by your side  
You know that  
No one will ever replace us  
You doubted it but I never did  
No one will ever replace us  
We were the best team that ever lived We were then  
Now we can again  
Just say the words and I'll be by your side  
I'll be by your side
