

# Say A Command

## Pretty Ricky

this is music royal productions  
welcome pretty ricky  
say a command  
climb on top of me (say a command)  
take it all off (say a command)  
lets make computer love (say a command)  
cause my hard drive is burning up (BURNING UP BABY)  
climb on top of me (say a command)  
take it all off (say a command)  
lets make computer love (say a command)  
cause my hard drive is burning up (BURNING UP girl)  
did you say take my clothes off (oh oh oh oh)  
did you say take my panties off (oh oh oh oh)  
did you say take my clothes off (oh oh oh oh)  
did you say take my panties off (oh oh oh oh)  
spectacular:  
i cant believe i got my self in this situation  
that computer love got my heart speed racing  
i like to get you hot hotter than a oven  
i know what turn you on like a power button  
when i plug you up it in a socket  
hit you with that hard drive make you yell stop it  
keep you up graded get you new cords  
got so tight i went to meet them other boys  
baby girl i love you and cant nobody tell me that it ain't true  
if i lose you its like cuttin a orderly  
the love of my life you will always be apart me  
chorus:  
climb on top of me (say a command)  
take it all off (say a command)  
  
lets make computer love (say a command)  
cause my hard drive is burning up (BURNING UP GIRL)  
did you say take my clothes  
did you say take my panties off (oh oh oh oh)  
diamond blue:  
this computer love take them tights off  
baby let it breath them lips Microsoft  
shawty hold that weave until you get me off

prettyrickydotcom if you wanna talk  
slick'em:  
every time you have a problem time to restart  
hit the control the alt delete the space bar  
escape  
escape  
escape  
chorus:  
climb on top of me (say a command)  
take it all off (say a command)  
lets make computer love (say a command)  
cause my hard drive is burning up (BURNING UP GIRL)  
slick'em:  
i got the master pass code if you got that thing on lock  
lose your wear and tear (yeah) so I can see those thongs drop  
on my laptop (yeah) still Macintosh  
smooth operator type my address in you navigation system  
chillin' now  
chillin' with my virtual baby  
we gonna have some virtual babies  
damn you so sexy grown  
girl just kiss me though the iPhone  
was that your final command?
