

# Shine Down

Ximena Sarinana

Catching Up

Your need to run, has left me out of breath;  
Your faith in me, is in my head;  
Dusty habbits on the shelf, breaking silently unrepaired;  
Making more than what, I want to put you through.  
Oh oh oh  
All I am, is moving underneath me;  
Ha ha ha ha ha  
Empty hands are hanging from the ceiling;  
My will to learn is not enough to fix this,  
Ha ha ha ha ha  
All you need Is someone to believe in.  
Honestly, your eyes reveal a strong curiosity;  
A rocky path is hard to beat;  
We like digging in the plants, giving everything we ever got;  
Letting down the ones we knew right from the start.

Ha ha ha

All I am, is moving underneath me;  
Ha ha ha ha ha  
Empty hands are hanging from the ceiling;  
My will to learn is not enough to fix this,  
Ha ha ha ha ha  
All you need Is someone to believe in.  
Hmmmhmmmmhmmmm  
All I am, is moving underneath me;  
Ha ha ha ha ha  
Empty hands are hanging from the ceiling;  
My will to learn is not enough to fix this,  
Ha ha ha ha ha  
All you need Is someone to believe in.  
Ooooooooooooooh ohhhh ohh
