In a Dream

Edge Of Paradise

I feel the realm of mist and dew it's hovering around me
I hear the the note of a siren's song luring inside me
To leave this world
To dream a world
Today
To leave dismay
In a dream i don't feel no fear
In a dream i don't feel regret
In a dream I could run forever
In a dream no one dies
In a dream there are no goodbyes
In a dream i don't live your lies
In a dream I can feel I can Heal
So why should I not leave
I used to look into your eyes and smile
I used to think i'd never feel denial
But now i'm here
It's a Sad sad world
And time cruel time
It never stops
To be
In a dream i don't feel no fear
In a dream i don't feel regret
In a dream I could run forever
In a dream no one dies
In a dream there are no goodbyes
In a dream i don't live your lies
In a dream I can feel I can Heal
So why should I not leave
I always thought if i'd wake up i'd find another way
I never heard lost years gone by, didn't get another chance
I tried to stand and face the unforgiving trial
But now i now the way to run from ultimate denial
In a dream i don't feel no fear
In a dream i don't feel regret
In a dream I could run forever
In a dream no no no one dies
In a dream there are no goodbyes
In a dream i don't live your lies

I wanna go, to let go, let me go
To close my eyes and dream
