Bluebird

Bearkat

I am sorry my little man
I kissed him more on the mouth I did
I kissed him more on the mouth I did
While you were looking down

I am sorry my baby boy
I played you like a little toy
I played you like a tinkering toy
And you finally threw me out

But I'll come running to
Two sheets to the wind
Don't don't don't don't don't
Don't you let me back in
Cause I'll only break your heart again

Saw a bluebird in the street
He sang me a song so sweet
He sang me a song so sweet
Almost felt like cryin'

He lost a lover, he lost a friend
He did exactly just what I did
He did exactly just what I did
And god I feel like dyin'

But I'll come running to
Two sheets to the wind
Don't don't don't don't don't
Don't you let me back in
Cause I'll only break your heart again

Call me baby, call me love (x3)
Cause without you
This life ain't much
But I got to be goin'
My wicked ways have won

So when l come running to
Two sheets to the wind

Don't don't don't don't don't
Don't you let me back in
Cause I'll only break your heart again
