Moment Of Truth

Psybot

Don't expect me to treat you like a lady
I may not always show respect
It's too soon, yet I hardly even know you
That's just my way, don't get upset, [Incomprehensible]
Uptill now I've been living like a loner
Gettin' by, ooh, just gettin' by
And this heart of mine has only had one owner
But you could change that if you tried, baby
Now I don't want a love forever
And I don't need a master plan
I just want to come together
And I want you to understand
It's the moment of truth and it's finally come this time
Now we must draw the line
The moment of truth, this time it's everything
Open up, let me in, let me right into your heart, oh yeah
I intend to treat you like a woman
'Cause I can see you're not a child
'Cause you've got that look, that certain way of knowin'
It's got my senses runnin' wild, oh yeah
Now I don't want a love forever
And I don't need a master plan
I just want to come together
And I want you to understand
It's the moment of truth and it's finally come this time
Now we must draw the line
The moment of truth, this time it's everything
Open up, let me in
The moment of truth and it's finally come this time
Now we must draw the line, the moment of truth this time
Now I don't want a love forever
And I don't need a master plan
I just want to come together
And I want you to understand
It's the moment of truth and it's finally come this time
Now we must draw the line
The moment of truth, this time it's everything
Open up, let me in
The moment of truth, oh

It's the moment of truth and the time is come
Moment of truth, moment of truth
Moment of truth, it's time
Moment of truth, oh, we gotta draw the line
Moment of truth, open your heart to me, baby, let me in
Moment of truth, open your heart, let me in
Moment of truth
