

# Beat Drop

Simon Curtis

Time to round 'em up  
and tell 'em where we're gonna go  
If they don't know how to work it  
then I'll leave 'em at the door  
Gotta make it to the center of the circle  
grab my hand  
Tell the DJ drop the beat  
don't play some motherfuckin' band Now let it in your body  
and the party won't stop  
'cause it's seven kinds of naughty  
when you let the beat drop.  
I told it to you once I said why don't you understand?  
Tell the DJ drop the beat,  
don't play some motherfuckin' band So give it to me baby  
tell me, what's it gonna be?  
Gonna give it to me dirty  
out where everyone can see?  
'Cause I can't do nothin' with you  
if you're never gonna dance  
So you'd better find some rhythm  
'cause they're playing Bad Romance Let it in your body  
And the party won't stop  
'Cause it's seven kinds of naughty  
When you let the beat drop  
I told it to you twice  
I said why don't you understand?  
Tell the DJ drop the beat  
Don't play some motherfuckin' band Let it in your body  
And the party won't stop  
'Cause it's seven kinds of naughty  
When you let the beat drop  
I told you three times  
I said why don't you understand?  
Tell the DJ drop the beat  
Don't play some motherfuckin' band Let it in your body  
And the party won't stop  
'Cause it's seven kinds of naughty  
When you let the beat drop  
I told you four times

I said why don't you understand?  
Tell the DJ drop the beat  
Don't play some motherfuckin' band Let it in your body  
And the party won't stop  
Seven kinds of naughty  
When you let the beat drop  
I've said it five times  
Said why don't you understand?  
Tell the DJ drop the beat  
Don't play some motherfuckin' band
