

Right Here, Right Now

Ice Cube

This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that

Recognize a real dime when you see one
And don't try to be one, you fuckin' peon

I been like Dion for eons

You ain't nuttin' but a biotch

Messed around and let me read up

I come back through and tear the street up

Ice Cube, nigga, you better D up

And when I come by, bitch, you better be up

Ass up, face in the pillow

I don't give a fizzle, got to do my thizzle

The only nizzle that I never ever fizzle

The original, you niggaz know

You gotta get 'em up

(Who wants some?)

You better get 'em up

(Come get some)

You gotta get 'em up

(Who wants some?)

You better get 'em up

(Come get some)

You gotta get 'em up

(Who wants some?)

You better get 'em up

(Come get some)

You gotta get 'em up

(Who wants some?)

You better get 'em up

Gotta get whichya

Hit you with these things that I'm holdin'

Who want to squab with the frozen

Now who want to battle with the chosen?

You niggaz lotion, I'm no emotion

I'm shrapnel from the explosion

Hit you in the face while you posin'

Hi, it's Jimmy Hendrix, I lined up ten dicks

And took out appendix So go get forensics
Let 'em know I'm geronimo till it's my time to go
You better find your ho
Get ya babies and ya mama and move to Guantanamo
Doubt my skills, I'm payin' my bills
I'm up in the hills, ya niggaz are kills
Even though I'm on a fuked up label
You bitches know what I can bring to the table
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that
This right here is payback from way back, I don't play that
I like bitches like you, 5'2", wearin' light blue
The freak get high too with a fly doo
Notta Erikah Badu that's lookin' for a 'I do'
Now what can I buy you? Just to try you
Need another bitch to lie to
Need another bitch in my coup
Oh, please, can I trouble you for a double scoop?
A nigga need some T and A
Now you can get dick but you can't get no DNA
I heard you wuz a big freak
(Can I hang?)
Bitch looked down, I got some big feet
I like Mike and Ike's, I like watchin' dykes
I like goin' to fights, I like earnin' my stripes
In the book of life, it's only two women, big 'ol good ones
And good 'ol big ones
You gotta get 'em up
(Who wants some?)

You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
(Come get some)
You gotta get 'em up
(Who wants some?)
You better get 'em up
That's how it's goin' down
