

Porcelina of the Vast Oceans

The Smashing Pumpkins

As far as you take me, that's where I believe
The realm of soft delusions, floatin' on the leaves
On a distant shoreline she waves her arms to me
As all the thought police are closing in for sleep
The dilly-dally of my bright lit stay
The steam of my misfortunes
Has given me the power to be afraid
And in my mind I'm everyone
And in my mind Without a care in this whole world
Without a care in this whole world
Without a care in this life
It's what you take that makes it right Porcelina of the oceans blue
Porcelina, Porcelina In the slipstream of thoughtless thoughts
The light of all that's good, the light of all that's true
To the fringes gladly, I walk unadored
With Gods and their creations
With filth and disease Porcelina, she waits for me there
With seashell hissin' lullabies
And whispers fathomed deep inside my own
Hidden thoughts and alibis
My secret thoughts come alive Without a care in this whole world
Without a care in this whole world
Without a care in this life
It's what you take that makes it right And in my mind I'm everyone
And in my mind I'm everyone
And in my mind I'm every one of you You make it right
It's all alright
You make it right Porcelina of the oceans blue
Porcelina of the oceans blue
