

Cry For Love

Zendaya

I can't say I'm an expert on it
In fact, it's a first time
Anybody's made me feel the way you do, boy It seems like it should be real easy
With two people so right
And yet, I find myself just waiting here
Like I'm just your toy [Pre-Chorus:]
You take me in, I take you back
Baby, what's the problem?
How we gonna solve it?
But when I call, you don't call back
Being with your boys is always more important [Chorus:]
I cry for love
I don't think I'm supposed to
Cry for love
It's something wrong with me, maybe I'm not
Cry for love
Sometimes I wonder why I even
Try for us
I shouldn't have to cry for love Oh, no, oh, no
I really wanna ask my girls
But they'll think I'm a fool
So much for watching all those fairytales
With happy endings I wish I could've been prepared
For all your stupid games
I need to give it up
'Cause I don't have a chance at winning [Pre-Chorus:]
You take me in, I take you back
Baby, what's the problem?
How we gonna solve it?
But when I call, you don't call back
Being with your boys is always more important [Chorus:]
I cry for love
I don't think I'm supposed to
Cry for love
It's something wrong with me, maybe I'm not
Cry for love
Sometimes I wonder why I even
Try for us
I shouldn't have to cry for love What am I doing? What am I doing?

This doesn't happen to girls like me
Look in the mirror, look in the mirror
Seeing your eyes red is not a cute thing I don't wanna cry no more
I don't wanna cry no more
I got too much pride to be in my room asking why [Chorus:]
I cry for love
I don't think I'm supposed to
Cry for love
It's something wrong with me, maybe I'm not
Cry for love
Sometimes I wonder why I even
Try for us
I shouldn't have to cry for love [x2]
