Mars Needs Women

Rob Zombie

Mars needs women
Angry red women
Mars needs women
Angry red women
Can you hear it calling?
Hijack what you're wanting
A sweet ride, baby
With a broken face
Stop, look, dig it
If she wanna get it
Stop, look, dig it
All she can destroy
Mars needs women
Angry red women
Mars needs women
Angry red women
Mars needs women
Angry red women
Mars needs women
Angry red women
Not afraid to use it
Strip it and abuse it
A sweet ride, baby
Get me out of this place
Stop, look, dig it
If she wanna get it
Stop, look, dig it
All she can destroy
Stop, look, dig it
If she wanna get it
Stop, look, dig it
All she can destroy
Mars needs women
Angry red women
Mars needs women
Angry red women
Mars needs women
Angry red women
Mars needs women

Angry red women
New gods a-moving
Miracles a-losing
A cash in, baby
Just give it a taste
Stop, look, dig it
If she wanna get it
Stop, look, dig it
All she can destroy
Stop, look, dig it
If she wanna get it
Stop, look, dig it
All she can destroy
Mars needs women
Angry red women
Mars needs women
Walk in outer space
Mars needs women
Angry red women
Mars needs women
Walk in outer space
