300 Perfect Game

Nicotine

Day after day My score is going up
I wanna try to make my dream come true
Maybe today I'll strike the most, you know
But I don't know for sureIt's passin' by the third spot
Looks so beautiful, baby
I don't mind anyway It spins so good
The reactive ball is rollin'
Down to the strike pocketGet up, get up
Highest score as you can
Get up, get up
Get up, get up
You can do it some day
Get up, get up300 perfect gameFriday night

It spins so good
