Stoned In Love

Chicane (Feat Tom Jones)

If you could see me here this way
Looking backwards from today
Would you do it all again?If I could roll it back to you
Just like lovers always do
I'm stoned in love but not with youGood love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in loveGood love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in loveIf we could wash the past away
Would we go our separate ways
Or do it all again? As if I caredIs this the way it's meant to be?
It's stoned in love but not with me, yeah
You're stoned in love but not with meGood love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in loveGood love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in loveStoned in love
I'm stoned in love but not with youGood love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in loveStoned in love, stoned in love
Stoned in love, stoned in love
Stoned in love, stoned in love
Stoned in love but not with youAs if I cared
If I cared
