

Stoned In Love

Chicane (Feat Tom Jones)

If you could see me here this way
Looking backwards from today
Would you do it all again? If I could roll it back to you
Just like lovers always do
I'm stoned in love but not with you Good love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in love Good love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in love If we could wash the past away
Would we go our separate ways
Or do it all again? As if I cared Is this the way it's meant to be?
It's stoned in love but not with me, yeah
You're stoned in love but not with me Good love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in love Good love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in love Stoned in love
I'm stoned in love but not with you Good love
Cause when I'm feeling stoned in love
It's hard not feeling love
I feel that love is weighed in stone
When I'm feeling stoned in love Stoned in love, stoned in love
Stoned in love, stoned in love
Stoned in love, stoned in love
Stoned in love but not with you As if I cared
If I cared
