

Falling (feat. Niels Geusebroek)

Fedde le Grand

Our hearts burst into fire
Two souls that can get no stronger
Yeah we always said that we would never part
Now we feel we have grown desire
We can't hold this in no longer
If only you and I could go back to the start
We're falling
Yeah we're falling
We're breaking to pieces
We know that we're falling
We're falling
Yeah we're falling
We're barely breathing
Cause we know we're falling
We're like two birds on a wire
Wondering could we ever hold on
But we always said that we would never part
So we share the same desire
All that we have known for so long
If only you and I could make a new start
We're falling
Yeah we're falling
We're breaking to pieces
We know that we're falling
We're falling
Yeah we're falling
We're barely breathing
Cause we know we're falling
