

# Standing In The Shower... Thinking

## Jane's Addiction

Standing in the shower thinking  
About what makes a man  
An outlaw or a leader  
I'm thinking about power...  
The ways a man could use it  
Or be destroyed by it  
The water hits my neck  
And I'm pissing on myself...

Standing  
In the shower  
Thinking...

Standing in the shower thinking  
About a man I know don't like me  
He don't like the place I'm headed  
Same place he's headed...  
I know he'd beat me to it  
If he could but he won't do it  
But he would man  
If he could...  
And the water is piping hot..  
The water is piping hot  
It beats upon my neck  
And I'm pissing on myself...

Standing  
In the shower  
Thinking...

Standing in the shower thinking  
Is my woman afraid of me?  
She's seen how far I've twisted  
It's just cause I can trust her  
And ever since we met  
She understood so she let  
Me twist her good...  
I twist her good...  
And the water is piping hot  
The water is piping hot

It beats upon my neck  
And I'm pissing on myself...

Standing  
In the shower  
Thinking...
