Club Girl

Agnostic Front

Do you feel so betrayed?
Like to dance that beat away?
Hip-pop club guys look at
You feel so freeWhat can you do put yourself down
You're a disgrace
Why do you support them?
As they call you bitch to your faceWhy do you support them?
Listen to the rhythm it's so great
You don't care what the lyrics say
Trade your pride for a danceYou'll support them as you laugh
As I see you're going nowhere
But you like the fashion that they wear
You let them put you down 'cause it's popular music
